

Synasc 2005 - Workshops

Proposals for workshops and technical sessions are invited.

Such workshops and special sessions should have a focus and topic content that relates to the SYNASC05 topics. Each workshop should have at least 5 paper presentations.

The workshop organizer will be responsible for advertising the workshop, reviewing and selecting the papers.

Papers accepted for the workshops will be published in the SYNASC05 Proceedings.

Proposals to organize workshops should include the following information:

- title of the workshopname, affiliation, mailing address and e-mail address of the proposer(s)description of the topic of the session (around 100-200 words). The description should contain the scope, focus and/or intended content. The proposal should also list the submission procedures, program/review committee members and submission dates (these should be in concordance with the SYNASC05 deadline for final paper submission).

The deadline for proposal submission is May 6, 2005.

Please send the proposal to synasc05@info.uvt.ro.

Current announced workshops are: CAVIS SCG
