Currency exchange (<http://www.xe.com/ucc/>)Note: Please be aware that since July 1, 2005, Romania has dropped four zeros from its national currency. Now there are two currencies in circulation: the old one (ROL - Romanian LEU) and new one (RON - New romanian currency) 1RON = 10000 ROL The new banknotes have a similar design and background color as the old ones but are smaller (for details see [http://www.bnro.ro/def\\_en.htm](http://www.bnro.ro/def_en.htm))
